***Courses must be completed AND graded prior to application submission.**

The American Heart Association (AHA) Basic Life Support (BLS) for Healthcare Providers 1 & 2-Rescuer CPR and AED for adult, child and infant is universally accepted and is now the only CPR program accepted for the University Of Utah Department Of Physical Therapy. The skills practice and skills testing portion must be completed in the classroom, NOT online. Certification from all providers will be accepted for First Aid. CPR & First Aid are NOT pre-requisites and are not required at time of application submission
