2019–2020 was an amazing year for us!

Summer 2019

- 
- Said goodbye to the class of '20 board members and welcomed our class of '22 members
 - Treated 80+ patients at the Community Assistance and Resource Event (CARE Fair)
 - Implemented Athena EMR and are continuing to transfer documents to the new system
 - Provided youth sports screens at Midvale CBC
 - Created new marketing material (brochures, business cards, etc.)
 - continued interprofessional diabetes nights every other month

Fall 2019

- 
- Added additional treatment nights to accommodate our growing population
 - Adjusted our student sign up to streamline the process and ensure every student can sign up
 - Provided fall risk screens at annual Midvale Health Fair
 - Students in our Attending Liaison position have been working hard to create relationships with community clinics in order to obtain more Physical Therapist that can volunteer as attendings
 - Students in our Research and Outcomes position presented our clinics' PROMIS outcomes at ISOQOL in San Diego

Spring 2020

- 
- Introduced a new Neuro Pro Bono Student Liaison position
 - Are in the process of creating a Pro Bono Training Module on Canvas
 - Implemented FOTO - a new way of tracking patient outcomes
 - Expanding the role of the current Technology Liaisons to Public Relations
 - Updating our clinic newsletter distribution method

Telehealth

Our clinic is in the midst of beginning Telehealth for the foreseeable future. We are excited for the opportunity to adapt like many clinics in the area already have and to provide continuing care to our Midvale population!

~Postponed-

The Community Assistance Resource Event (CARE) Fair is an annual two-day event organized and directed by the Junior League of SLC for community members in need of medical, dental and vision services. For the second year, our PT program will have student volunteers providing services as well as necessary referrals. Check out our next newsletter with information on how to volunteer!

Thank you to all of our volunteers!

After our last clinic date on March 7th, 2020...

The University of Utah ended in-person class sessions for the rest of the semester due to COVID-19. In light of this, the CBC clinic decided it would be safest to close the clinic as well. Despite having 2 treatment nights in Spring 2020, we are excited to begin treating again via Telehealth until it is safe to return to in-person treatment sessions.

Thank you to all who have donated!

Thank you!

All of our progress and accomplishments have been thanks to the funds, equipment, and supplies provided by our generous donors
